# Abby Elizabeth Miller

My name is Abby Elizabeth Miller. I'm 25 years old, I was born and raised in Kentucky. I have an associates degree in nursing. I grew up in the country, and I absolutely love the outdoors. Bowfishing and dirt car racing are my two favorite things in the world. January 2020 I met my best friends in the world, together we make the Frisky Fairies! I never thought the modeling world would want a ole country girl like me, but here I am! I have a private blogging platform, that is still under development, and until all the features are put into it, is only used by me. It gives users the ability to have a blog and people to have the option to watch the public or private side of it. The name of the application, is Frisky Business. I appreciate all of my fans! Y'all make my world so much brighter with your kind and encouraging words! Much Love!!

Hi I'm Aimee I'm 35 from Herefordshire, I've been modelling in and off for around 8 years now. I love modded cars and anything fuel driven. I love to model in my spare time and I'm training to become a driving instructor next year.

When I was little, all I wanted to be was a model, singer, actress. As I grew up, my parents told me that I had to get real about my career choices, so I gave up. 4 kids later, a career I hated, and struggling to go on every day, I decided I had to do something for me, so I began to model. I opened myself up to feeling beautiful again. I was able to create art pieces, and act through my movements. I was living a dream I had been told I would never achieve, and people asking to shoot me. I love modeling, it has gotten me through many hard times where I questioned my worth to the world. My life has been a whirlwind filled with blessings, struggles, and most of all lessons. I have met many great people, people I will forever call my friends, but most of all I met my friend Walt who always told me how amazing I was. He never give up, even when I felt I was getting too old. He will forever live on in my heart, his lessons and words of wisdom floating in the back of my head as I move upwards. I miss you my friend.

# Jessica Stoner

My name is Jessica Stoner, I'm 24 years old and live in my hometown called Payson, Az. I'm a mommy to a beautiful baby boy and wanna be able to give him the best future. I am a very outgoing bubbly human, I'm caring, sweet, and funny but I try not to give myself too much credit. I always put others before myself and will continue to do so well till I die.

I would have to say my goals and achievements would be to just grow as a person and learn new experiences, open new doors for me and my son in the future. I want to keep

striving and working hard for the things I get and or will receive. For challenges and successes I would have to say being a single mom is rough, my challenge everyday is to get up and provide for my sons needs and mine. It's also so successful in the end because at the end of the day, week, and year I know I worked so hard for that kid to look up to me as a hero or influencer in his life. I wanna make a change for me and my son for the better.

I was discovered by Michael Kostopoulos on Facebook and he gave me the most amazing opportunity

I couldn't of asked for. I'm now a model for his company Babygirl-fashions where I will have my own line of swim wear and lingerie and maybe even more if I'm lucky :). I think Michael could be the one to help me open new doors and give me experiences I never thought I would have. He's been more than amazing and I could never repay him for all his hard work and dedication he's put into me. For that I will always look up to Michael.

I am a pro switch, experienced fetish model, and fetish clip producer. I have been working in the adult industry for about 12 years. I started out doing mostly bondage and damsel in distress but as time went on I geared the videos that I shot based on my own personal interests. I naturally a submissive and am a lesbian so shooting lesbian domination is my forte'. I met Goddess Taylor last year and have never looked back. Serving her, worshiping her, needing her... is what I LIVE for, so it only makes sense that my new slave girl life chapter is beneath my PERFECT goddess mommy.

27 year old model from the UK. Been modelling for 7 years and I'm aspiring to become a full time, published model. I started modelling due to lack of confidence and wanted to push myself to feel comfortable in my own skin. I helped a friend out with his costume designing and progressed from there, he helped to push me to become a better model. I work full time as a Barmaid and do shoots as and when I can. I've done most jobs under the sun such as Retail, Hospitality, Gardening, Painting, Cleaning, cleaner at a Cattle Feed Mill, animal care assistant and I even worked in a vineyard voluntarily which I really enjoyed but nothing quite compares to modelling.

When people see my images they always notice my ink and ask if they have meaning. Yes, they all do. I have

a Raven on my back to signify my friends and time in College as my nickname was Raven, Cheshire Cat on my back signifies my being seen only when I want to be, the Harley Davidson Eagle on my back is for my mum and dad who both rode Harleys, my big cat sleeve is for freedom and independence except the little black cat which was my first tattoo for my cat that died, Jack Skellington for my half brother who was called Jack, Fidget the Bat on my leg for my sister, the little bat on my leg I got on Friday 13th as a symbol of good luck. It cost me £13 and all money was donated to charity and finally the goat on my ankle is for my dog, me and my sister got matching ones and my sister used to call him a goat.
